PROFESSIONAL SUMMARY

Shopify & WordPress developer with 8+ years building brand-driven websites and e-commerce stores. I take projects from a blank domain to a live, converting site — custom WordPress builds and full Shopify stores — for clients across the UK, Canada, UAE, Australia, and Pakistan. Combines hands-on development with brand identity, on-page SEO, conversion rate optimization, and strong client management from first brief to final launch.

EXPERIENCE

Shopify & WordPress Developer — Techy Storm

FEB 2021 – PRESENT

- Build custom WordPress websites and full Shopify stores end-to-end for clients across beauty, fashion, healthcare, consulting, and hospitality.
- Set up complete Shopify stores — theme customization, product catalogs, collections, checkout, payments, and shipping configuration.
- Develop custom WordPress themes and multi-page / multi-location platforms, including a 40+ clinic network.
- Translate brand identity into responsive, on-brand, SEO-optimized sites built to convert, with a focus on page speed and performance.
- Manage client relationships from first brief to launch — gathering requirements, setting expectations, and delivering on time.
- Provide ongoing site maintenance, updates, and post-launch support to keep clients live and growing.

Web Developer & CRO — Carbonic IT Solutions

2018 – 2020

- Built and managed brand websites, driving online presence through web, content, and SEO.
- Ran conversion rate optimization — improving landing pages, funnels, and on-site conversions.
- A/B tested layouts, copy, and calls-to-action to lift engagement and lower bounce rates.
- Tracked performance with analytics and turned insights into measurable ROI improvements.
